REPORTS OF COMMITTEES.

The committee appointed under a resolution adopted by the Legislature of 1909 to confer with the Ponce de Leon Association of St. Augustine and to report to this Legislature how the State may best co-operate in a fitting celebration of the four hundredth anniversary of the landing place of Ponce de Leon in America, submitted the following report:

Tallahassee, Fla., May 19, 1911.

Hon. F. P. Cone,

President of the Senate.

Sir:

Under a resolution passed by the Legislature at its session of 1909, authorizing and directing the Governor to appoint a commission to consist of two members of the Senate and three members of the House of Representatives, to confer with the Ponce de Leon Celebration Association of St. Augustine, Florida, and to report to the next Legislature how the State may best co-operate in a fitting celebration of the four hundredth anniversary of the landing of Ponce de Leon in America, the Governor appointed the undersigned such commission.

The commission, in furtherance of the purposes of the said resolution, conferred with a committee representing the Ponce de Leon Exposition Association, which is the name the Celebration Association will assume when fully organized, and from this committee obtained a knowledge of the character and scope of the exposition proposed to be held at St. Augustine, Florida, in the year 1913, to celebrate the four hundredth anniversary of the landing of Ponce de Leon in America, an historical event in which Florida is especially interested.

It is designed to have an Exposition of the history, development and resources of the State of Florida, and to endeavor to give to the exposition a national character, as the discovery and settlement of Florida was of more than local importance.

The committee represent that they have assurances from our Representatives in Congress of an effort upon their part to obtain some assistance from the National government in giving to the exposition more than a local significance.

The commission are of the opinion that the exposition can be made of great benefit to the State of Florida in attracting people to her borders and bringing before them, in tangible form, an exhibit of her varied products and industries, her history, progress and development, and her vast resources which still remain to be developed.

The commission recommend that the State make an appropriation of fifty thousand dollars (\$50,000), twenty

ty-five thousand dollars (\$25,000) of which shall be available in the year 1912, and the remaining twenty-five thousand dollars (\$25,000) in the year 1913, in which year the exposition will be held. The first twenty-five thousand dollars (\$25,000) will be available for meeting necessary expenses in preparing for the event and the remaining twenty-five thousand dollars (\$25,000) to meet the cost and expense of having the State's history, resources, progress and development properly represented at said exposition.
